About This Content

The complete original soundtrack to **Tangledeep**, inspired and influenced by the most legendary 16-bit RPGs! Composed by Andrew Aversa (lead developer) and featuring additional music by Hiroki Kikuta (Secret of Mana), Grant Kirkhope (Banjo-Kazooie, GoldenEye 007), and Norihiko Hibino (Metal Gear Solid 3, Bayonetta).

All tracks from the game are featured here, from exciting boss battle music to mysterious dungeon areas, oddball merchants and much more. Everything has been carefully looped and mastered for your listening pleasure.

As Tangledeep itself receives new content and more music is written, this digital soundtrack collection will be expanded as well!

Music provided in MP3 and lossless FLAC format with full tagging. A "Tangledeep Soundtrack" folder will be downloaded with both mp3 and flac folders containing all files.
